

My opinion on pizza

Pizza restaurant

- Borrow some menus from a local pizza restaurant, they will often be happy to give you a couple.
- Talk about each of the ingredients, what they are and what they taste like.
- Sort them into groups: those I know I like, those I know I don't like, those I need to try as I don't know if I like them or not.

Create your own pizza

- Choose a pizza from the menu – would you order it as described or would you ask for anything to be changed e.g. no olives please.

Extra cheese	Pineapple	Ham	Mushroom
Spinach	Boiled egg	Green peppers	Red peppers
Meat balls	Chili peppers	Anchovies	Lettuce
Black olives	Jalapeño peppers	Onion	Chicken
Red onion	Sausage	Pepperoni	Tomatoes

My opinion on photographs

Photography

Look at some family photographs. These may be old ones of when the children were younger. Talk about the story behind the photos. This will help them relive memories and links in their family identity.

- Do you remember this time?
- What were we doing?
- Do the pictures have a sequence to them or do they stand alone?
- Sort out the pictures into ones you like or don't like.
- Choose a picture and tell us why you like it.
 - » e.g. I like this picture because everyone is smiling in it.
 - » e.g. I like this picture because it reminds me of climbing up that big mountain when my hat blew off in the wind and we had to run after it.
