

# CR210 Remote Control for Kanso<sup>®</sup>

Quick Guide

- ✓ Getting started
- ✓ Quick reference

CP950

*Hear now. And always*

# About

Use the Cochlear™ Nucleus® CR210 Remote Control to control the commonly used functions of your Cochlear Kanso® Sound Processor (model number: CP950).

**NOTE**

More information and warnings for the CR210 Remote Control in its user guide.

# CR210 Remote Control

# Change battery

Change the battery whenever you see the low battery indicator.

1. Unscrew cover with a Phillips head (cross-head) screwdriver.

2. Remove cover and old battery.

## CAUTION

Use **ONLY** disposable CR2032 or 5004LC 3V standard lithium coin cell batteries in your remote control.

3. Carefully insert new battery, plus side “+” up.
4. Replace cover, bottom edge first.
5. Screw cover back on.

# Turn on

Slide the switch up to turn on.

# Turn off

Slide the switch  
down to turn off.

# Pair

Pairing allows two devices to communicate with each other.

**When display shows remote control is not paired:**

1. Turn on both your processor and remote control.
2. Place the processor on the back of your remote control.

3. Remote control shows pairing in progress.

4. Remote control shows it's paired.

5. If you have a second processor, repeat steps 2–4.

# Change programs

Next program

Previous program

# Adjust volume/sensitivity

Turn up either  
volume or  
sensitivity  
(if available)

Turn down  
volume or  
sensitivity

# Wireless accessories

When a Cochlear True Wireless™ Accessory (Mini Microphone or TV Streamer) is paired with your processor, use your remote assistant to start and stop streaming audio.

Display shows wireless accessory:

Turn wireless accessory on:

Long-press once.

Turn wireless accessory off:

Short-press once.

# Telecoil

Listen to room loops with telecoil.

Turn telecoil on:

Turn telecoil off:

Short-press once.

Short-press once.

## Care

Clean your remote control with a soft dry cloth.  
Keep your remote control dry.
