Exercise 4.1   Frequency discrimination – phoneme pattern in sentences

Instructions from the Speaker to the Listener
I will say two sentences, then repeat one of them. Please tell me which one
I repeated. (The Speaker chooses which sentence to repeat.)

1   A   Sheep don't live in a barn.
    B   Bob had sixteen sheep.

2   A   Sit here on the floor.
    B   You should get six of these.

3   A   Move over till he sees it.
    B   Each street gets a new pavement.

4   A   The neighbor is eager to see Sydney.
    B   Six seats are available for us.

5   A   Paul bruised his leg.
    B   His sheets are soft.

6   A   This chick wants a worm.
    B   The boat docks with ease.

7   A   Sweep the floor with a broom.
    B   Don't walk in the street.

8   A   Sit still and don't move.
    B   Turn over the chicken, please.

9   A   Joan wants tea and cheese.
    B   See me tomorrow afternoon.

10 A   We often see ice in the winter.
    B   It's easy to grow tomatoes.

11 A   His seat is too low.
    B   Robert runs with ease.

12 A   The tide came in at six.
    B   This string should make a bow.
