Ready-to-Wear²

Have your Nucleus 7 Sound Processor pre-loaded with your current programs by our Cochlear Hear Always Specialists. To participate, recipient must be age 5 or older. Cochlear recommends that you schedule a follow-up appointment with your audiologist to maximize your battery use and check your magnet strength. The Ready-to-Wear service may not be available for certain implant types. If your clinician decides that this option is not right for you, your Nucleus 7 will be shipped unprogrammed to the address you provide.

There are two options available for Ready-to-Wear. You can either select it in lieu of an accessory or you can pay the \$95 fee and have it added to your order.

Ready-to-Wear as your service option

Choose in lieu of an accessory. If your clinician decides that this option is not right for you, you will be given the choice to select an accessory from above.

Ready-to-Wear as an additional option (\$95)

If your clinician decides that this option is not right for you, the Ready-to-Wear service fee will be removed.
